## ALLERGEN GUIDE

---

The following information was designed to assist our Guests who have food allergies. Because of our reliance on suppliers for accurate information, the shared cooking and preparation areas in our kitchens, and the fact that our food is prepared to order, we cannot fully eliminate the risk of cross-contamination or guarantee that any item is free of any allergen. The information below details common allergens and in which menu items they may be present. Neither Sullivan's Steakhouse, nor its affiliated entities, warrant or guarantee that the following guide will eliminate or prevent allergic reactions.

Before placing your order, please inform your server if a person in your party has a food allergy.

\*Peanuts and/or Tree nuts are not a direct ingredient in this product however the product is manufactured in a facility that handles these allergens.

\*\*Many of our items include soybean oil, which the FDA recognizes as safe to eat for those with a soy allergy. For this reason, menu items containing soybean oil are listed as containing soy.

\*\*\*Menu item presents a special risk of cross-contamination of all allergens due to the cooking method.

\*\*\*\* We cook our fried menu items in the same fryer oil that contains products coated with gluten/flours. For this reason, those with hypersensitive gluten allergies should avoid all fried menu items.
