

SULLIVAN'S

STEAKHOUSE

ALLERGEN GUIDE

The following information was designed to assist our Guests who have food allergies. Because of our reliance on suppliers for accurate information, the shared cooking and preparation areas in our kitchens, and the fact that our food is prepared to order, we cannot fully eliminate the risk of cross-contamination or guarantee that any item is free of any allergen. The information below details common allergens and in which menu items they may be present. Neither Sullivan's Steakhouse, nor its affiliated entities, warrant or guarantee that the following guide will eliminate or prevent allergic reactions.

Before placing your order, please inform your server if a person in your party has a food allergy.
